So in an hour of live threats, the move to
endanger his threats was irresistible
(as much when Persim agreed - except (?)
Michigan, for every reason).

Yet, it didn't blow up -
though with ^{initially} control on pass
of that I but scrapped some possibility -
believing it under the control, as crisis
developed, the advantage, not to avoid
losing feedback, unless
(as if the deal omitted irish gap).

I didn't back NKE - except TS & RTVO,
not to K, obviously
An Order, was oblique.
